

Water Modeling Solutions Pvt. Ltd. in coordination with CREEW successfully conducted a training program on **GIS-based flood modeling using HEC-RAS** from 3-6 April, 2016 in Kathmandu.

Resource persons from WMS:

Dr. K.N. Dulal, Mr. Utsav Bhattarai, Mr. Dhiraj Gyawali, and Mr. Dibesh Shrestha

A total of **10** participants representing the government, NGOs, private consulting organizations and universities

WMS congratulates all the participants for attending the training and assures that it will conduct such highly professional trainings related to water resources modeling in the near future too.
